MAXIMIZE SAFETY
AND FUNCTIONALITY

MILLENNIUM GATE CLOSURE SYSTEM

The newest addition to the Residential Elevators gate offerings is the Millennium Gate closure system. Designed and built to maximize safety and functionality; the Millennium Gate meets strength and deflection requirements while looking sleek and modern. Smooth operating and light weight, the Millennium Gate takes little effort to move. With a telescoping sliding panel arrangement, the Millennium Gate tucks away to ensure your ease of entry.

The Millennium Gate can be customized to fit your home elevator with a variety of frame and panel options.
